### **Rarebyte Releases Waterstorm Open Beta Test**

The waiting has found its ending: Rarebyte's newest incarnation, Waterstorm, a fast paced 2D multiplayer shooter, goes beta. Players from around the world can measure up against each other in a sophisticated ranking system and team up as clans.

A massive variety of sub marines and weaponry rock the boat in Waterstorm. Sub-aqueous battles with jaw-dropping graphics guaranteed and free of charge!

You can dive into the world of Waterstorm using Linux, Mac OS or Windows. So have no fear and register right this second at [www.waterstorm-game.com](http://www.waterstorm-game.com)
